

Somebody To Love Light

*Somebody To Love by B. Burns, S. Burke
Love Light by J. Wexler, J. Scott, D. Malone*

**[16-bar intro, with sax horn progression]
[continued intro with rap]**

Everybody needs somebody
Everybody wants somebody to love
A honey to hug
Sugar to kiss
A little baby to miss

I need you you you [x3]
In the morning
When the sun goes down

*Sometimes I feel
A little bit sad inside
My baby mistreated me
I never ever find a little place to hide, I need you*

[8-bar harp/sax like horns]

*Sometimes I feel
A little bit sad inside
My baby mistreated me
I never ever find a little place to hide, I need you*

**[8-bar harp/sax like horns]
[8-bar piano intro to Love Light]**

Without a warning, you broke my heart
You took it baby, and tore it apart
You left me standing in the dark crying
Said your love for me was dying

Well, come on baby, I'm begging you please
Come on baby, I'm down on my knees
Turn on your light, let it shine on me
Turn on your love light, let it shine on me
Let it shine shine shine, let it shine [x2]

**[8-bar harp/sax like horns]
[8-bar harp solo]**

When I get lonely in the middle of the night
And I need you darling to make things all right

Well, come on baby, I'm begging you please
Come on baby, I'm down on my knees
Turn on your light, let it shine on me
Turn on your love light, let it shine on me
Let it shine shine shine, let it shine [x2]

[8-bar harp/sax like horns]
